Delhi, India | P: +91 8826711318 | cmanav2006@gmail.com | [Github](#) | [Linkedin](#)

Innovative and motivated B. Tech Computer Science and Engineering student specializing in Artificial Intelligence and Machine Learning at SRM Institute of Science and Technology. Experienced in web application development with API integration, and proficient in Python, C, and JavaScript. Strong foundation in computer science fundamentals including operating systems, computer organization, and data structures. Passionate about accessibility technology, public transportation systems, and delivering creative solutions through technical projects. Dedicated to continuous learning, daily coding practice, and impactful project implementation in both academic and real-world environments.

EDUCATION

SRM Institute of Science of Technology

Bachelor of Technology

Computer Science Engineering with Specialization in AI/ML

Delhi-NCR

Expected 2028

CGPA: 8.695

Ahlcon Public School (CBSE)

Class XIIth – **75%**

Class Xth - **81.4%**

Delhi-NCR

2023-2024

2021-2022

TECHNICAL SKILLS

Languages: Python, Java, C++, HTML, CSS, JavaScript, React

Frameworks and Libraries: Pandas, NumPy, Flask

Databases: MySQL, MongoDB

Tools: VS Code, Excel, PowerPoint, Word, Premier Pro, Canva

Soft Skills: Team player, Leadership, Communication, Problem Resolving, Analytical Thinking

PROJECTS

- **Raaste App:** Developed an AI-integrated bus tracking application offering real-time public transport updates and optimized route guidance. This application reduces route lookup time by **40%** and supporting low-bandwidth users.
- **Study Buddy:** Built a collaborative learning app that connects students with study partners using a Tinder-style swipe system. Integrated an AI chatbot named Compiler, personalized recommendations, dynamic schedules, and a privacy-focused responsive design.
- **Culinary Compass:** Created a full-stack recipe recommendation web application utilizing custom backend logic and frontend templates.

TECHNICAL ACHIEVEMENTS

- **Creative Lead** at CSI (Technical Society), Designed assets used by **1000+ participants** and content for **3+ major hackathons** while maintaining a cohesive brand identity.
- **Core Member at Aarzoo Club**, the college dramatic society, performing exceptional stage plays, street plays and dramatics events.

HACKATHONS

- **1st Runner-Up Silent Syntax** SRM NCR 2026 - Secured 2nd place in a competitive hackathon by developing Sentinel AI - Redaction Engine (DOM Manipulation, Event Handling)
- **Selected among Top 50 teams in Smart India Hackathon 2025.**
- **5+ National & University Hackathon Finalist:** Consistently reached the final rounds of multiple hackathons to pitch innovative technical projects.
- Solved over **100+ LeetCode problems** while earning **5-star badges** in both **Java & Python on HackerRank.**

CERTIFICATIONS

- **Certification of Java** - Mastering the Fundamentals— by Scalar
- **IBM SkillsBuild Certified AI Explorer** — IBM
- **Career Essentials in Generative AI** by Microsoft and LinkedIn
- **Certification of Gen AI NASSCOM**
